

EVOLUTIONARY TECHNOLOGY. REVOLUTIONARY PERFORMANCE.

New from Sumitomo, the HTRZ III offers maximum performance across a range of conditions. Combining euro performance with street tuner appeal, the HTRZ III delivers enhanced wet and dry traction, exceptional handling, smooth ride and a new level of maximum performance.

Featuring

- Five rib advanced asymmetric tread pattern that merges cornering with straight line stability.
- Long lateral grooves to evacuate water from the center of the footprint.
- Four straight, wide grooves heighten drainage for improved wet performance.
- Siped tie-bars reinforce block rigidity for control and enhanced wet traction.
- A 3-D wave wall increases drainage capabilities and reinforces center rib stability.
- High Rigidity Construction promotes high-speed steering stability.
- Advanced silica tread compound that enhances wet and dry traction and reduces rolling resistance.

The HTRZ III

- Available in 25, 30, 35, 40, 45, 50 and 55 series
- Y-Speed Rated
- UTQG – 300-AA-A
